

**THE UNIVERSITY OF BRITISH COLUMBIA
CLINICIAN INVESTIGATOR PROGRAM**

Application Training Module

CANDIDATE

Surname Given Names

Citizenship: Canadian Permanent Resident Other:

DEGREE(S) OBTAINED AND/OR IN PROGRESS

Degree Type	Degree Name	Department	Institution	Start Date (MM/YYYY)	Expected date of completion (MM/YYYY)
-------------	-------------	------------	-------------	----------------------	---------------------------------------

DEGREE(S) SOUGHT

Degree Type	Degree Name	Department	Institution	Start Date (MM/YYYY)	Expected date of completion (MM/YYYY)
-------------	-------------	------------	-------------	----------------------	---------------------------------------

Qualifications, certificates and licenses obtained and/or in progress	Start Date (MM/YYYY)	Expected date of completion (MM/YYYY)
---	----------------------	---------------------------------------

LOCATION WHERE RESEARCH WILL BE CONDUCTED

Institution/Organization	Faculty/School	Department
--------------------------	----------------	------------

UBC Residency Program:

Descriptors: (Provide up to 10 keywords to describe this research project)

PROJECT TITLE

REFEREES

The candidate is responsible for ensuring that an appropriate reference/assessment letter is completed (please see appendix for details). Candidates must have three (3) referees and these include their most recent research supervisor and residency program director. List the names of individuals below, whose assessments accompany this application.

Name of Referee/Relationship to Candidate	Current Position Held	Institution
1.		
2.		
3.		

SIGNATURES

Name of Candidate

TRAINING EXPECTATIONS/ CAREER GOALS

Provide an overview describing how your previous research training or current training relates to the present proposal and elaborate on your career goals. Describe how the training you expect to acquire will contribute to your productivity and to the research goals you hope to achieve and how this award will enable you to establish yourself as an independent investigator. Indicate why you decided upon the training location and what you expect to learn from the training experience (one additional page may be added and numbered as 2a).

REASONS FOR SELECTION OF A FOREIGN TRAINING ENVIRONMENT

Describe the unique aspects of the training environment that are not currently available in Canada. No additional page may be added.

Name of Candidate

Lay title of research (one line only)

ABSTRACT (suitable for preparation of a press release)

Space, Facilities and Personnel Support

Describe the space, facilities and personnel support which will be available to the candidate. No additional pages may be added

Percentage of Time to be Spent on Different Activities

In the table below, indicate the percentage of time to be spent on different activities. Trainees are expected to spend at least 80% of their time in research training.

Activity	Percentage of Time*
Research	
Clinical work	
Other (please specify	

*The total percentage of time for all activities cannot exceed 100%

Name of Candidate

PROPOSED TRAINING PROGRAM

Section A: Project Title and Summary of the Research Project

This section consists of text to be attached and should be completed in collaboration with the proposed supervisor(s) and signified and confirmed via his signature on page 1.

Attached documents may be prepared in the word processing software package of your choice, printed and inserted in the application form. Follow these guidelines to prepare your attached documents:

- At the top of the page, indicate your name and the title of the section.
- At the bottom of the page, clearly indicate the page number. (e.g. 4a, 4b, 4c, etc.)
- Use a font size of 12 point, black ink. Six lines per inch. No condensed type or spacing.

Text to be attached

- 1. Project title**
- 2. Summary of the research project.** Include the specific hypothesis of the research and describe the candidate's role on the project. This summary should be written in general scientific language. A maximum of three to five (3-5) pages is allowed. Page limits exclude references.

Name of Candidate

APPENDICES (Check the appropriate boxes)

NOTE: Referee assessments and/or letters must be provided in an envelope, sealed at the source and included with the application.

- Application Training Module
- Common CV of the candidate validated for CIHR
- Common CV of the supervisor(s) validated for CIHR
- Three referee assessments and/or letters addressing the following areas:

1. How long have you known the candidate?
2. Describe the situation(s) in which you have had an opportunity to interact with the candidate. Maximum of one paragraph.
3. Provide your perspective on the candidate's potential to become a highly productive, independent researcher. Maximum of one paragraph.
4. Describe evidence that the candidate has demonstrated independence and capacity for critical thought. Related concepts include intellectual curiosity, inventiveness, analytical capacity and leadership. Maximum of two paragraphs.
5. Describe evidence that the candidate has demonstrated a capacity to pursue knowledge energetically and with clarity of objectives. Related concepts include organization, determination, initiative and patience. Maximum of two paragraphs.
6. Describe evidence that the candidate has demonstrated creative thinking. If they have had an opportunity to conduct research, please refer to their creativity in setting research goals, designing experiments, developing new methodologies, interpreting findings and presenting results in writing. Maximum two paragraphs.
7. Your view of the candidate's most significant achievement (Indicate the candidate's most significant achievement to date. If the candidate has had an opportunity to conduct research, you should describe their most significant research contribution.
8. Project Supervisor – please indicate source of operating funds for your research project.
